Your health. Our passion. One Community.

CLINICAL AFFILIATIONS AND PARTNERSHIPS

Through our important clinical relationships and partnerships, we are providing a breadth of services and locations, and delivering exceptional resources to improve the health and wellness of our community. Our partners include:

Boston Children's Hospital

South Shore Hospital's neonatal intensive care, pediatric emergency, and inpatient pediatric services are provided in association with physicians from the world-leading Boston Children's Hospital.

Mass General Brigham

We partner with Brigham and Women's Hospital to provide advanced surgical specialties including: general surgery, neurosurgery, breast surgery, acute care/trauma surgery, thoracic surgery, colorectal surgery and vascular surgery. South Shore Health's Breast Care Center, Reproductive Endocrinology, Neurology, Stroke Care and Surgical Residency Program are all provided in association with physicians from Brigham and Women's Hospital.

In clinical affiliation with

Dana-Farber Brigham Cancer Center in clinical affiliation with South Shore Health provides residents south of Boston with the highest level of advanced cancer care and support in the region. Experts from Dana-Farber Cancer Institute, Brigham and Women's Hospital, and South Shore Hospital collaborate to offer many advanced treatments locally, including radiation, chemotherapy, and surgical treatments as well as clinical trials exploring new therapies.

Through collaborative planning, development and implementation, South Shore Health and Aspire Health Alliance are working together to provide integrated and innovative behavioral health programs for the community.

OUR COLLEAGUES
