South Shore Health

CLINICAL AFFILIATIONS AND PARTNERSHIPS

We are one of the only regional health systems that offers clinical affiliations with Boston-based academic medical centers offering world-leading medical care to the community as well as community-based partnerships.

Our Partners include:

Mass General Brigham

We partner with Brigham and Women's Hospital to provide advanced surgical specialties including: general surgery, neurosurgery, breast surgery, acute care/trauma surgery, thoracic surgery, colorectal surgery and vascular surgery. South Shore Health's Breast Care Center, Reproductive Endocrinology, Neurology, Stroke Care, and Surgical Residency Program are all provided in association with physicians from Brigham and Women's Hospital.

Dana-Farber
Cancer Institute

Brigham Cancer Center

at South Shore Health

Dana-Farber Brigham Cancer Center at South Shore Health provides residents south of Boston with the highest level of advanced expertise in cancer care and support in the region. Experts from Dana-Farber Cancer Institute, Brigham and Women's Hospital, and South Shore Health collaborate to offer many advanced treatments locally, including radiation, chemotherapy, and surgical treatments as well as clinical trials exploring new therapies.

Boston Children's Hospital

South Shore Hospital's neonatal intensive care, pediatric emergency, and inpatient pediatric services are provided in association with physicians from the world-leading Boston Children's Hospital.

Collaboratively, South Shore Health and Aspire Health Alliance are working together to provide integrated and innovative behavioral health programs for the community.

SOUTH SHORE HEALTH FOUNDATION

The Foundation is the philanthropic arm of South Shore Health. The health system relies on fundraising to sustain the delivery of high-value, advanced healthcare to a growing community. Our team harnesses the generosity of local businesses, community stakeholders, and grateful patients and puts it to work throughout the health system. Additionally, as a membership organization, The Friends of South Shore Health engages the community in philanthropic, volunteer, educational, and social activities to support South Shore Health's mission. **In 2024, our community raised \$9.7 million to initiate, expand, or preserve key patient services.**

Efforts include:

- Connecting individual and corporate donors with current and future healthcare needs in the community.
- Overseeing major fundraising campaigns to support ongoing priorities including cancer, emergency, and critical care, and behavioral health/substance use disorder initiatives.
- Orchestrating annual fundraising events, the proceeds of which help expand essential programs and services.

COMMUNITY BENEFITS & SERVICES

South Shore Health is committed to improving the health of our community. In 2024, we completed our **tri-annual Community Health Needs Assessment**, including feedback from community partners, key stakeholders, and residents.

Together, we prioritized four health needs on which to focus:

- Mental Health
- Substance Use
- Chronic Complex Conditions
- Access to Care

Over the next three years, South Shore Health will implement several strategies to address these needs. For more information, please see our website or contact communitybenefits@southshorehealth.org

We are committed to recruiting and retaining the most talented people to deliver safe, high-quality, and expert care to our patients and families with kindness in an inclusive and connected environment.
